1. Introduction

Eurobank Holdings and the Bank ¹ recognise the benefits of having a diverse Board and sees diversity at Board level as an important element in maintaining a competitive advantage. Diversity within the Board leads to a broader range of experience, knowledge, skills and values, and is one of the factors that enhance the functioning of the Board, reduces the phenomenon of 'group-think' and facilitates independent opinions and constructive challenging in the process of decision-making through a broader range of views and experiences as well as values and backgrounds.

The scope of the Policy applies to the Board of Eurobank Holdings and the Bank.

Furthermore the Policy is supplementary to the Eurobank Holdings and the Bank Board Nomination Policy ("Nomination Policy") and the Eurobank Holdings and the Bank Board and Board Committees Evaluation Policy ("Board Evaluation Policy").

2. Description

2.1. Policy Statement

The Board's diversity is one of the factors which, according to the Nomination Policy, the Eurobank Holdings and the Bank Nomination Committee ('Committee') shall consider when examining composition and structure of the Board. A diverse Board includes and makes good use of variety in the skills, educational and professional background, geographical provenance (nationality), gender, age and other qualities of Directors. appointments, including succession planning, shall ensure that the structure of the Board is aligned with regulatory requirements, has optimal balance of knowledge, skills and experience and meets high ethical standards, without discrimination based on gender, race, colour, ethnic or social origin, genetic features, religion or belief, membership of a national minority, property, birth, disability, age, or sexual orientation. In this context, the search for the Board candidates is conducted, and appointments are made, on merit, against objective criteria² and with due regard to the benefits of diversity on the Board.

The Committee according to the provisions of the Board Evaluation Policy has the overall responsibility to annually assess the structure, size, composition and performance of the Board and make recommendations to the Board with regard to any necessary changes. In assessing Board composition, the Committee will consider the benefits of all aspects of diversity including, but not limited to, those described above, in order to maintain an appropriate range and balance of skills, experience and background on the Board.

2.2. Measurable Objectives

The Committee will discuss and agree all measurable objectives for achieving diversity on the Board during the review process of the Board profile matrix according to the Nomination Policy and for proposing the (re)appointment/succession planning of individual Board members according to the Board Evaluation Policy, taking into consideration the balance of all diversity aspects mentioned in the present policy, in the Nomination Policy and the Board Evaluation Policy. At any given time the Board may seek to improve one or more aspects of its diversity and measure progress accordingly.

The Committee's priority is to ensure that the Board continues to have strong leadership and the right mix of skills to deliver the business strategy. Within this context and in regard to the less represented gender in the Board, the Committee's target is that the percentage of the female gender representation in the Board shall be at least 25% calculated on the total Board size (rounded to the nearest integer) in the next 3 years, with the aim the actual percentage to be maintained above the said minimum target at all times, also considering industry trends and best practices.

2.3. Monitoring and Reporting

The Committee will monitor annually the implementation of the Policy and will report to the Board the measurable objectives set for implementing the Policy and progress made towards achieving those objectives.

Short description of the Policy, its measurable objectives and if the targets set have been accomplished are also included, annually, in Eurobank Holdings' Corporate Governance Statement, as provided for in the relevant legislation.

2.4. Review of the Policy

The Policy is approved by the Board and is reviewed once every two years by the Committee and revised if necessary, unless material changes, regulatory or other, necessitate earlier revision.
